

Ring Size Measurement Chart

1. Please take a print out of this page on an A4 size page. Ensure that the page scale is set to actual size (None) on your printing dialog box.
2. Once printed, measure the inch bar given below with a scale. After confirming the same, you may proceed to the Measurement Method given below to confirm your ring size.

Measurement Method:

- a. Select a ring that properly fits the intended finger.
- b. Place the ring over the circles below, matching the inside edge of the ring to the circle nearest in size.
- c. If the ring falls between two sizes, order the large size.

CONFIRM PRINT IS AS PER ACTUAL SIZE
